

## Overview

**Pipp Mobile Storage System's Mission** has been to design space-saving systems that are responsive to customer-specific storage needs; to manufacture our systems to the highest quality standards; and to provide a level of sales and service support that is unsurpassed in the storage products industry. Our extensive product line allows us to tailor our systems for many different storage situations and we have the manufacturing capacity to handle high volume requirements. Our sole focus continues to be on developing ways to help our customers use their storage space wisely.

## Concept

**Create more space** by compacting storage and eliminating fixed aisles. This, in turn, creates a single aisle system that increases storage capacity by as much as 80% (over traditional configuration).

## Industrial Storage - Typical Configuration

- ||||| **Mobile Shelving** attaches shelving units to mobile carriages creating a single aisle storage configuration
- ||||| **Stationary Shelving** installed along the perimeter walls of storage room
- ||||| **Shelving and Storage Room Accessories** are available to truly optimize storage capacity
- ||||| **Security Storage Systems** safely store and protect your high-priced products

## Mobile System Features

Handle with Lock
